## NOTICE TO THE MARKET

**Transmissora Aliança de Energia Elétrica S.A. (B3: TAE3, TAE4 and TAE11)** (“Taesa” or “Company”) informs that the National Electric System Operator (“ONS”) issued yesterday the release term for the 525 kV transmission lines of LT Foz do Iguaçu-Guaíra, LT Guaíra-Sarandi and LT Sarandi-Londrina, with approximate extension of 511 km in double circuit, in reference to the Interligação Elétrica Ivaí S.A. concession (“Ivaí”). As a result, these facilities became commercially operational, retroactively adding to the Company, as of November 1, 2022, approximately 72% of the total Annual Permitted Revenues (“RAP”) of the project.

Ivaí is the project from lot 1 of the transmission auction no. 05/2016, held in April 2017, in which Taesa participated in partnership with Companhia de Transmissão de Energia Elétrica Paulista – ISA Cteep, in equal parts of 50%. The concession is attributed a total RAP of R\$ 398.5 million for the 2022-2023 cycle. It is located in the state of Paraná, with a total extension of 593 km of transmission lines in double circuit, with tension of 230 kV and 525 kV, connecting 5 substations.
