

**TRANSMISSORA ALIANÇA DE ENERGIA ELÉTRICA S.A.**

Publicly-Held Company – CVM No. 2025-7

Corporate Taxpayer's ID (CNPJ/MF) No. 07.859.971/0001-30

Company Registry (NIRE) No. 33.3.0027843-5

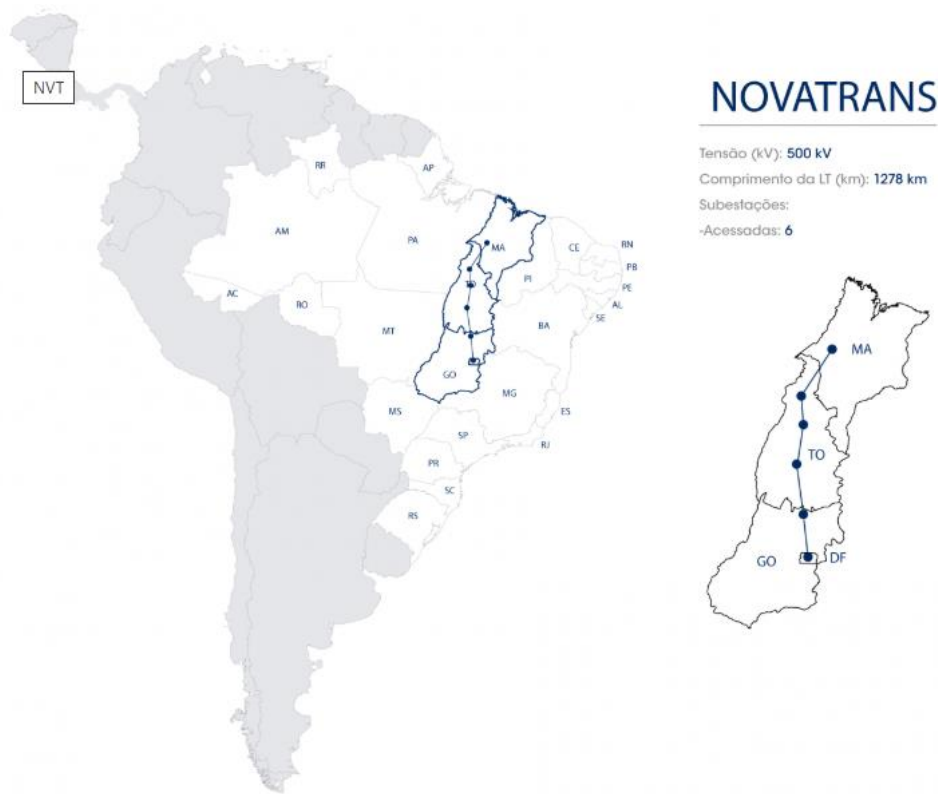

**NOTICE TO THE MARKET**

**Transmissora Aliança de Energia Elétrica S.A. (B3: TAEE3, TAEE4 and TAEE11)** ("Taesa" or "Company") informs its shareholders, the market in general and other interested parties that the National Electric System Operator ("ONS") issued the Release Term for part of the Colinas facilities, within the scope of the reinforcement authorized through REA no. 12.823/2022 ("Reinforcement"), in the Novatrans Transmissora de Energia S.A. ("Novatrans") concession.

With this release, Novatrans will now receive an additional Annual Permitted Revenue ("RAP") of approximately R\$ 9.9 MM (referring to the 2024-2025 cycle), corresponding to 35% of the total Reinforcement RAP when fully operational, retroactive to November 17, 2024. It is important to highlight that this RAP will be subject to adjustment after the first Periodic Tariff Review ("RTP"), carried out in the fifth year of operation.

The Reinforcement was partially delivered, approximately 6 months ahead of the deadline required by ANEEL of May 2025. This demonstrates Taesa's execution capacity and commitment to its strategic pillars of sustainable growth, financial discipline, operational efficiency and value generation.

Novatrans began operating in June 2003, and currently integrates the electric power transmission system that interconnects the North and Southeast Regions of Brazil, with 6 substations and approximately 1,278 km of 500 kV transmission lines crossing through the States of Maranhão, Tocantins, Goiás and the Federal District. It is the concession with the greatest extension among TAESA's concessions, having connections with TSN, ATE II, and ATE III, also from Taesa.

Rio de Janeiro, December 5, 2024.
