NOTICE TO THE MARKET

Transmissora Aliança de Energia Elétrica S.A. (B3: TAEE3, TAEE4 and TAEE11) (“TAESA” or “Company”) informs its shareholders, the market in general and other interested parties that the National Electric System Operator (“ONS”) issued the Release Term for part of the Imperatriz facilities, within the scope of the reinforcement authorized through REA no. 12.823/2022 (“Reinforcement”), in the Novatrans Transmissora de Energia S.A. (“Novatrans”) concession.

With these facilities becoming commercially operational, Novatrans will now receive an additional Annual Permitted Revenues (“RAP”) of approximately R\$ 18.1 MM (referring to the 2024-2025 cycle), corresponding to 65% of the total RAP of the Reinforcement, retroactive to February 1, 2025. As a result, the Reinforcement is complete with a total RAP of R\$ 28.1 MM. It is important to highlight that this RAP is provisional in nature and will be subject to the next Periodic Tariff Review (“RTP”) of this concession, which will take place in 2029.

This last phase of the Reinforcement was delivered approximately 3 months ahead of the deadline required by ANEEL of May 2025, demonstrating TAESA's execution capacity and commitment to the security and reliability of the interconnected system.
